MEMORANDUM FOR NIO FOR CONVENTIONAL FORCES
ATTENTION:

STATINTL

SUBJECT: KIQ Performance Reports on FY 75 KIQs 25, 26
27, and 28 (U)

This office has reviewed subject reports and is forwarding the following recommended changes for your consideration:

a. KEP on KIQ 25 - Part II, C, 4 - Recommend this paragraph be changed to read "In addition to the above, CIA, DIA, and the services contributed"----

b. KEP on KIQ 26 - In Part II, B, add to last sentence "and in the completion of initial draft of the interagency study "Warsaw Pact Organization, Doctrine, Tactics and Capabilities for the Employment of Theater Nuclear Weapons".

c. KEP on KIQ 27 - KIQ 26 has been repeated as KIQ 27. This error should be corrected. Also in Part II, B, add to last sentence "in contributions to both estimates and in the completion of initial draft of the interagency study "Warsaw Pact Organization, Doctrine, Tactics and Capabilities for the Employment of Theater Nuclear Weapons".

d. KEP on KIQ 28 - Part I, A, add after NIE 11-14-75 "and several DIA studies", this---. In Part II, B, change last line to read "Input from the new DIA Applications Branch in support of production for this KIQ was evident only in its contributions to both estimates". Add new last line, "DIA did, however, produce a number of studies which do address various aspects of the KIQ, such as "Soviet Ground Forces Maintenance", "Soviet Ground Forces Organizational Guide", and "Warsaw Pact Operational Logistical and Air Planning Factors".
